

# Hartnell High On List For Potato Bowl Or Junior Rose Bowl!!

# PANTHER SENTINEL

Volume XXIII

Salinas, California, Friday, November 13, 1953

Number 7

## Five Students To Attend Meet

Five delegates and two student government advisors from Hartnell will be in attendance at the 16th semi-annual conference of the California Junior College Student Government Association to be held at Asilomar November 19, 20, 21.

The student delegates from Hartnell include Cloyse Little, King City; Esther Williams, Linda Lawrence and Troy George, Salinas; and Richard Eppley, student body president, Watsonville.

The advisors are Miss June Handley and Mr. W. J. McCallum. State President Dan Boatwright of Vallejo College, host school for the event, predicts that a total of over 400 students and advisors will be present for the conference. These delegates will be the official representatives of approximately 75,000 students enrolled in over 65 Junior Colleges in the state of California.

## Supreme Court Bans Card Games

The Hartnell Student Supreme Court held its first business meeting on November 2, 1953.

Chief justice for the court is the student body vice-president, Doris Simon, and the associate justices are Dan Weatherby, Charles Collins, Arlene Pesche, and Leland Geiger. Sue Crawford is the court clerk.

The first meeting was occupied with the business of hearing witnesses on the charges of gambling going on in the student lounge. No specific names were mentioned in the charges, and the final decision of the court was not to file individual charges against guilty students, but to recommend to Hartnell President John B. Lemos that all card playing on the college campus be abolished.

On Monday, November 9, Mr. Lemos posted a notice to the students, informing them that "the card playing . . . has been abused to the extent that it can no longer be permitted on school premises." Therefore card playing and card games of all kinds are prohibited on the Hartnell College premises after November 10, 1953 (last Tuesday).

Violators of this ruling will be referred to the supreme court, and the court will recommend to President Lemos the penalties to be imposed.

## Junior Rose Bowl Officials Visit Hartnell

JUNIOR ROSE BOWL officials Ben Parisi and Bob Loud are shown with "Miss Junior Rose Bowl" and Hartnell President John B. Lemos as they stopped here last week end. Left to right are shown Ben Parisi, Miss Sally O'Neill, Mr. Lemos, and Bob Loud.

— Courtesy Salinas Californian

## Social Activities Group Chosen

Esther Williams, chairman of the Social Activities Committee has selected 15 students to assist her with coming events.

This committee will be responsible for several of the largest events next semester including the Winter Ball which will take place on January 16th.

The committee selected by Miss Williams includes Linda Lawrence, Glen Stuart, Ann Ford, Arlene Olsen, Georgann Rossi, Sue Crawford, Mary Lou Smith, Ramar Beauchamp, James Mal, Bob Braun, Doris Simon, Angie Lavorato, Cloyse Little, August Schmidt, David Harrison, and Miss Handley as advisor.

This year's total Hartnell registration of 634 students compares favorably with last year's total of 618 at a corresponding time.

## Band To Get New Uniforms

Hartnell's fifty-piece marching band, under the direction of Mr. Lorell McCann, will soon be sporting new uniforms.

The new uniforms, costing approximately \$2,700, are to consist of gold-trimmed grey trousers and a new-type blouse of maroon trimmed in gold. The blouses are a new type which can be used in five different ways.

Members of the student commission committee which selected the new uniforms include Cloyse Little, chairman; Linda Lawrence, Harry Pennoh, Dick Eppley, Arlene Olsen, Irwin Forbes, Angie Lavorato, Doris Simon. Miss Handley and Mr. McCallum were advisors to this committee.

Interested students can receive pay for working as ticket sellers or takers at the football games.

## Guest Engineer Speaks to Class

Mr. Francis E. Miller, district engineer for the P.G. & E. company was a guest speaker for the Hartnell professional engineering class Thursday, November 12, at 1 p.m.

According to William R. Bullis, engineering instructor at Hartnell, Mr. Miller explained the work of engineers under his direction in this area. Students in Mr. Bullis' Engineering 48 class had an opportunity to gain first hand information, via charts and maps, of current projects now being carried on by the P.G. & E. company.

## NOTICE

La Reata Co-Editor Doris Simon has announced that the Freshman Class and Organization photos for the yearbook will be taken on Tuesday, November 17. Check the main bulletin for times.

## Hartnell Band To Attend Junior Rose Bowl Game

Junior Rose Bowl officials visited the Hartnell College campus and closed a deal that will send one of the hottest Hartnell units to the biggest jaycee bowl this December 12.

Hartnell's 50-piece snappy marching band is definitely going to the Junior Rose Bowl, according to an agreement reached with Hartnell students and officials.

The outstanding marching band, under the direction of bandsman Lorell McCann, have agreed to start practice on a series of plays guaranteed to keep them marching from one end of the Pasadena football field to the other.

Rose Bowl officials were anxious to obtain the band for a repeat performance in this year's bowl game. School officials, backed by the Associated Students, have agreed to let the band make its second trip in as many years to the big jaycee festival.

## Bev Hargraves New Music Prexy

The new president of the Hartnell Music Club is Beverly Hargraves of Santa Cruz.

According to Lorell McCann, sponsor of the Hartnell Music Club, Miss Hargraves is an outstanding music student. The Santa Cruz sophomore earlier was the music club's candidate for the 1953 Homecoming queen.

Other officers recently elected for the ensuing term include: Doris Henry, first year student from King City, vice-president; Sylvia Lewis, a freshman from Aromas, and Interclub Council representative Janice Thomas, a freshman from Watsonville; board of directors, Mary Migotti and Robert Cowan, sophomores from Salinas.

The first chore of the newly elected president is to head a membership drive and make plans for future music club programs. The two members of the board of directors were delegated to consider all plans and prepare a specific program for future presentation.

All Hartnell Student Body Card holders are covered by \$500 worth of insurance covering any injury on the campus or while engaged in student body activities.

## THE EDITOR'S VIEWS

By DARRELL RAINS

The ban on card playing on the Hartnell campus strikes me as being something of which every Hartnell student should be ashamed. It was instituted only because it was necessary, not because the administration wanted to spoil anyone's fun, and it seems to me to be highly ignominious that a college should have to be saddled with the petty rules normal to most high schools.

College students are supposed to be approaching adulthood, and they should at least be adult enough to know that the infraction of the state laws regarding gambling on the campus would result in a ban on all activities conducive to gambling. Any time students wish to be treated like responsible people they must act like responsible people, and the more rules that we have to have, the more people will look down on us as irresponsible and troublesome.

The second case which has come up before the student supreme court is even more childish. It seems that someone in the chemistry lab one noon connected the water and gas lines and then turned on the water so that it flooded the gas line. The damage caused by this foolish act has cost much to remedy, and has jeopardized the good name of the Hartnell student body. Anyone who would do such an infantile thing and think it funny has no place in a college! It would seem that Hartnell has a few cases of arrested development in attendance. I hope they grow up soon.

## DID YOU KNOW . . .

By RICK OLIVER

- . . . that Hartnell College has a secret admirer? Three dozen pink roses were sent from "Mr Anonymous," of Alameda, California.
- . . . that Ted Lang and Jim Hitchcock, in the chemistry class, got the "urge"? They put a goldfish in a bottle of distilled water. It has been there now for a couple of weeks.
- . . . that Virgil Herring is in Wyoming checking on his land claims where uranium may be found.
- . . . that the first three strings of Yuba's football team BARELY beat Sequoia, 12 to 7?
- . . . that Art Hernandez has a real crazy soprano voice.
- . . . that the veterans should sign their attendance forms right away if they want to get paid?
- . . . that Loretta Turpin, freshman, is engaged to Jim Bowen? She also works part time at the public library.
- . . . that Canadian men don't have to worry about the DRAFT BOARD. It's all voluntary.
- . . . that four members of the music department, Jim Burr, Jim Neal, Dennis Kahil, Bob Todd, are forming a quartet.
- . . . that the Music Club went roller skating in Santa Cruz last Wednesday?
- . . . that Bob Carpenter (Soph.) and his wife, Winnie (Frosh.), are both attending Hartnell? Bob is a returned vet.
- . . . that there is a possibility of a blossoming romance between a certain junior named Herb Jaenicke and a freshman named Ann McLean?
- . . . that Arlene Pesce thrives on stuffing crickets in her leisure time? She does most of this in Santa Cruz where she lives.
- . . . that when Rene Sears, Doris Teustel, and Joyce Vandiver get together at a swimming pool, they just LOVE to push people in the water?
- . . . that Edward Walters is REAL fanatic about photography?
- . . . that the Hartnell students must be slipping, they are passing up something FREE—a swim at the "Y"?
- . . . that Dick Williams is the leader of the Panther band?
- . . . that it is Homecoming Day for Monterey when the Panthers meet the Lobos?
- . . . that Hartnell was rated top J.C. in football in the U.S., according to a San Francisco paper?
- . . . the adage that went this way, "A team that wins by one point is as good as one that wins by 20"?
- . . . that the writer bids you adieu?

### Cinch Slips Out

A sudden jolt was felt by the students at Hartnell College last week as they received their cinch slips — deficiency notices.

The list of names was posted in the hall and created quite a spectacle. There were 160 names on the list, approximately 120 of which were male students.

Faculty members have reminded that students should realize they are in college now, and that all the football glamour and student activities do not hide the individual's grade-point average.

Hartnell is having a top football year, how about its academic year?

### Picture Postcard Sales Suggested

Here's something to think about.

How about having post cards with various views of the campus. If enough students are interested in obtaining these cards (which could possibly be obtained through the book store), let your members of the student commission hear your opinions.

These cards can be made at very reasonable expense, which would make the purchase price fit the finances of everyone's pocket book.

Any of the commission members

## Student Views

Perhaps many of us don't stop to think about much trouble a carelessly parked car can be. Perhaps we're just in a hurry when we come to school. Perhaps some of us don't have much consideration for others. Whatever the cause an increasingly large number of cars are being found parked in front of private homes on Homestead Avenue.

These cars are a nuisance to the people who live on this street, many of whom have complained to the college authorities. If we, the students, do not put a stop to this illegal parking, the authorities will have to put a stop to it for us.

There are plenty of places to park near the campus. Students can park on Alisal Street, on Gabilan Street, or on the school parking lot. There your car will not be in the way and will be safe.

If all of us cooperate we can stop this infraction of the law of common decency in very short order, and do our part in furthering Hartnell's public relations.

Let's show the authorities that we're adult enough to handle this situation ourselves.

—J.M.

## Cafeteria Is A Busy Place

Hartnell college students just love to eat—at least cafeteria manager Effie Freyer seems to think so.

Statistics released by General Freyer reveal that over 50 percent of the student body depend on the cafeteria for their lunches, and almost every student visits the cafeteria at least once during the school day.

According to the manager the students consume: 50 dinners daily, along with other such delicacies as 25 tuna sandwiches, 15 cheese, 20 lunchmeat, 6 dozen hamburgers, 15 bacon and tomato, and only 10 ham. Some students seem to prefer hot sandwiches because 20 hot beef and 15 meatloaf sandwiches are sold daily. There is always the old standby, soup; 4 quarts are sold daily.

Hartnell students certainly must be healthy because they drink 210 half pints of milk daily, 4 quarts of chocolate milk, and 2 quarts of buttermilk. Most students also enjoy soda pop—150 bottles are sold daily.

The cafeteria consists of: Effie Freyer, manager; Beulah McCarty, cook; Ray Shield, vegetables; Ruby Clark, cashier; Irene Verser, fry-cook; Evelyn Smith, lounge and counters.

Some of Hartnell's own students help feed the campus, they are: Charles Olsen, handy man; Jim Crain, fountain; Dick Lello, dish washer; Clive Bullian, pot washer; and Ron Earl, cleanup man.

Effie Freyer stated that because of the crowded space in the cafeteria she would appreciate it if the students who bring their lunch would eat in the lounge.

may get all the necessary information at the office. Already, there has been talk favorable to this idea.

—R.O.

HARTNELL COLLEGE BASEBALL COACH Jess Regli is shown holding the trophy presented to him at the October 30 assembly by the Coastal Conference championship baseball team of last year. Mr. Regli coached the team to its first conference title last year, and the grateful team purchased this trophy for him. It was presented by Ray Shields, representing the team.

## Natural Science Class Takes Trip

Mr. Wilbert Robinson recently took several of his natural science classes on a field trip to the local Spreckels sugar plant, the largest in the world.

Both buses and private cars were used to make the trip. The group was met at the gate by a company guide who gave them a lecture and a tour of the plant. The lecture, at which free samples of Spreckels sugar were given out, dealt mainly with the methods used to extract and refine the sugar. The tour went through all parts of the plant and lasted about an hour and a half.

Students who went on the trip say they found it very interesting and educational.

## Women's Gym Under Repair

The Women's gym, now being repaired by Mr. F. V. Hampshire, will soon be ready for occupancy. Various repairs are being made, as the building was quite run down when Mr. Hampshire's contract was accepted.

The showers will have a new tile setup, which will be a marked improvement over the old tin showers. A new equipment and towel room will be added and the ceilings will be lowered and plastered. The old water heating system has been torn out and in its place will be a new, modern system. "The cause of these repairs were inadequate facilities in the Women's Gym," stated the women's P.E. instructor, Miss June Handley.

## HELP WANTED

MEN AND WOMEN:  
URGENT

We need representatives in your locale to help fill out an organization for business surveys, polls, and public opinions. . . . Ideal part time work. . . . Choose your own hours. . . . Your nearest telephone may be your place of business for surveys not requiring the signatures of those interviewed. . . . Send \$1.00 for administrative guarantee fee, application blank, questionnaire, plan of operation, and all details on how you may manage a survey group for us. . . . Garden State and National Surveys

P.O. Box 83  
Cedar Grove, New Jersey

## Hartnell Gets Lawn, Fountain

For several years the college has been wanting to put a lawn in on the North side of the campus, but, since the shortage of sprinkling apparatus was in effect, the progress of the lawn has been limited.

Last year the sprinkling system was installed. Sometime this spring the seeds will be planted.

In addition, the class of '49 has donated a bronze memorial drinking fountain to Hartnell. This fountain will be placed in the rear of the administration building close by the barbecue pit.

## Know Your Social Security

(THE SECOND OF A SERIES)  
By J. R. INGRAM

In this issue, let us take up the question of "Who is covered?" The general rule: If you work for someone else more or less regularly and are paid wages, you are covered. A few jobs are specifically excepted: newsboys, officers, and crews on small fishing vessels, ministers, etc.

### "Self-Employed"

IF YOU WORK FOR YOURSELF, or if you own your own store or business, you are covered if you earn \$400 or more a year. Again some exceptions — self-employed lawyers, doctors, dentists, veterinarians, engineers, architects, accountants, farmers, and funeral directors are not covered. (But note the adjective "self-employed;" people in these occupations who are employed by others are covered in most cases.)

### "Household Job"

IF YOU ARE A HOUSEHOLD WORKER, such as a cleaning woman, maid, cook, gardener or chauffeur, you are covered on every job where you get paid at least \$50 in cash during a three-month period and you work, full or part time, on at least 24 days for any one em-

ployer during that three-month period. For example, a cleaning woman works two days a week for Mrs. Jones, two half-days a week for Mrs. Smith, and one day a week for Mrs. Brown. She gets paid at a rate of \$5 a day. Social security taxes are paid on her wages from the Jones and Smith households, none on those from Mrs. Brown.

### "Farm Jobs"

IF YOU ARE A FARM WORKER, you are eligible after you have worked regularly three months or more for one farm operator. From then on you are covered as long as you continue to work at least 60 days and collect at least \$50 in each three-month period. But if you change employers, you have to start all over again.

### "Charity Groups"

IF YOU WORK FOR A NON-

## PS Exchanges School Papers

The Panther Sentinel has been receiving school papers from many Junior Colleges and High Schools, and has been sending them the Panther Sentinel in exchange.

The names of the Junior Colleges and High Schools that send us these papers are: California State Polytechnic, College of the Sequoias, East Contra Costa, Junior College, El Camino College, Everett Clipper Junior College, Fresno Junior College, Humboldt State, Long Beach City College, Menlo Junior College, Metropolitan Junior College, Modesto Junior College, Pasadena City College, Pierce Agricultural College, Reedley College, Riverside College, San Diego Junior College, San Francisco City College, Santa Rosa Junior College, San Jose State College, Stockton Junior College, University of Santa Clara, West Contra Costa Junior College, Chico State College, King City High School, Gilroy High School, and Salinas High School.

If any of the students wish to read one or more of these papers they may come to the Journalism Office and do so.

**PROFIT ORGANIZATION**, charitable, religious or educational, you are covered if your employer is willing to have you covered, and then if you and two thirds of your fellow employees vote to be covered. If you vote not to be covered you won't be, no matter which way the majority decides. Once an institution and two thirds of its employees elect to come into the system, all employees hired later will automatically be covered: They will have no other choice.

### "Government Jobs"

IF YOU WORK FOR A STATE OR LOCAL GOVERNMENT, you are covered if the state asks that you be covered and if you are not under any other public retirement system. In the next edition we shall take up the Social Security Card and its ramifications.

## Former Scouts, Attention!

The Hartnell Panther Sentinel is cooperating in an initial survey to locate all former scouts and scouters of the Pasadena-San Gabriel Valley, California Council, Boy Scouts of America.

The purpose of this survey is to measure, through a subsequent questionnaire, the benefits a boy receives in his earlier scouting years as measured by advantages gained in adult life — because of his Scouting experiences.

This is the "follow-through" on everything the Boy Scout Program was intended to accomplish and the findings compiled will be turned over to the National Council.

Over 75,000 boys have been processed through the Scouting Program in this one Council during the past 30 years.

All former scouts and scouters effected by this initial survey are requested to send their name, present address and former troop

## United Press Salutes Hartnell

By HAL WOOD  
United Press Sports Writer

(Editor's Note: This story by Hal Wood is reprinted from the United Press Syndicated release by special permission of Mr. Wood and the UP.)

SAN FRANCISCO, Nov. 13 (UP). — In the bustling little city of Salinas (population 14,000), 100 miles south of San Francisco, nestles the little college of Hartnell (enrollment 650).

This junior college plays football for fun, wins more games than most schools and has more loyal supporters per capita than 99 per cent of the major schools.

The students get to school in buses that they drive themselves from throughout the county, and all the football players come from within a radius of a few miles of the campus. Yet they have compiled an amazing record of 20 straight regular-season victories — a string marred only by a tie in the last Junior Rose Bowl tilt.

"There is no such thing as a star on this team in the opinion of our faculty and our fans," says young Coach Dick Voris. "The star is the team."

This is a school that proves good football can be played without any type of proselyting. Of the members of the starting team, nine come from right in Salinas. The other two are from Pacific Grove and Santa Cruz, only a few miles of Salinas.

The football team is strictly a family affair. The entire team of 34 men either live in Salinas or ride the school bus. The drum majorette for the band that follows the club is Mrs. Jerry Ledin — an important note only because she is the wife of regular tackle Jerry Ledin.

The biggest rooters the players have are the school faculty. These teachers show the players no special privileges and would just as soon flunk one of them as they would the debating team star.

"Football isn't our Business," says John B. Lemos, President of the college. "We just happen to have a good team this season and we had a good one last year. Football success probably will depart us next year."

## New Committee To Aid Rooters

At a commission meeting held November 2, a new committee was created for improving the rooter's section.

This new committee will work with the Rooter's Club in an effort to carry out present policies and regulations. Their chores will include providing guards in the rooting section and assisting in the coordination of band and rooters. The new group will also advise in the decorating of the rooting section, and help set up a policy to determine who is allowed in the rooting section.

Members of this new committee are: Troy George, chairman; Angie Lavorato, Doris Simon, and Harry Pennoh.

## Jaysee Hi-Lites

By TOM ALDERSON

East Contra Costa J.C. Rally club members have acquired new be-bop hats. Green and white be-bop type rally hats have been purchased by Rally Club members. The hats will be worn by the members at all games following the San Francisco City College game.

The 1953 Junior College Rose Bowl will not be televised this year, stated Charles Hochberg of the Pasadena Junior Chamber of Commerce. The contenders for the Junior Rose Bowl game will be announced on November 29, stated the committee.

East Contra Costa J.C. breaks ground; permanent campus begun. The ground breaking ceremonies for the first permanent building within the Contra Costa College District took place recently, at the Golf Links Road Campus. The rites marked the beginning of construction period of 245 calendar days.

### A BASHFUL LAD

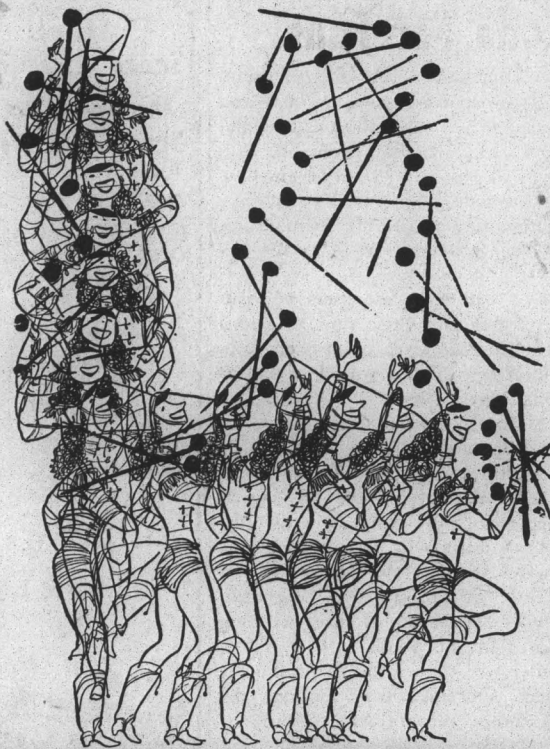

(Santa Rosa Oak Leaf)

Oh, come and I'll tell you about a young lad  
He was handsome and strong and he had a nice tan;  
And he loved all the girls with frills and lace,  
But just in his dreams and not to their face.  
When he was just ten his friends they all said  
That he was so bashful, might as well have been dead;  
But now he's grown up, I can't figure that lad,  
There's not been a change in him, toward good or the bad.  
Oh, I know a couple of girls, at least,  
Who love him and think he's a big bashful beast.  
But someday he'll marry and he'll settle down:  
And he'll be the biggest darn flirt in the town.

## Colhecon Holds Big Cake Sale

The Colhecon Club is having a big candy sale this coming November 18th.

The members of the club will use the sale as a money raising project, and the candy will be sold at different places around the campus. The price of the candy will be 5 pieces for ten cents, and the selections are divinity, fudge, Rocky road and panocha.

# Panthers Score 59-0 Over Cal Poly

## Twentieth Straight Win So Far

Although fumbling three times, Tony Teresa again engineered his Panther squad to a 59-0 triumph over the Cal Poly JV team.

For the first twelve minutes the fans were somewhat doubtful of the Harts penetrating the opponents' goal, but not more than a half minute later the Hartnell club had its first T.D. Then it seemed there was no stopping the local boys and touchdowns came quite easy for them after the spirit was aroused.

Although Cal Poly showed power in the first quarter, Hartnell was undoubtedly the superior club throughout the game. Coach Dick Voris substituted more in this encounter than in any other tilt. Voris used his second and third string almost consistently through the ball game and saw his reliefs rack up a larger score than his first eleven. The boys who went over for touchdowns were: Tom Kyle, Clive Bullian, McWilliams, Art Hernandez, Conley, Henry Garehime, Nava and Chuck Dillard.

## Five Teams Hope For Junior Rose Bowl Game Bid

In addition to top ranking Hartnell, the Rose Bowl race this year includes Bakersfield, Pasadena, West Contra Costa and an interesting Yuba team. These clubs all smell roses in the air as they thunder down the homestretch of the 1953 season.

Hartnell's top ranking is based on an undefeated record going back to 1951, and including last year's Junior Rose Bowl. Hartnell was the first Northern California team to enter the classic. (Ed. Note: We hope to repeat, too.)

In addition to other qualified schools there is Yuba Jaysee. Their athletic director has the "greatest team in the world." Hartnell, which has run up almost 500 yards average in each game, fears all the undefeated teams. Of course some fears are not as great as others.

## Team Scoring Statistics for Season

## Napa Victory Was 19th Win

Making it nineteen straight victories in a row, the Hartnell Panthers romped over the Napa team 42-0, last week in Salinas. It was no surprise to the local fans to watch the Panthers win an overwhelming victory over the Napa eleven.

The most brilliant run of the evening came when Clive Bullian returned a kick-off for sixty yards and a touchdown, but was called back due to a penalty. Wes McWilliams, the Hartnell battering fullback, crossed the goal for the Panthers three times, while also turning in a good defensive game. Tom Kyle, Jerry Jacktis, and Clive Bullian also counted for touchdowns in this tilt. Tony Teresa played his usual brilliant game at the quarterback post, with a numerous amount of completed passes plus large ground gains.

Coach Dick Voris sent his second string in at the 3rd quarter, which some say was probably the main factor in limiting his team to only 42 points. If the first string had remained in the game Hartnell fans think that the score might have been higher.

## Ball Techniques Exhibited Here

Bill Closs, one of the greatest basketball players ever to graduate from Rice Institute, was featured in a special exhibition of basketball techniques at the Hartnell college gymnasium, November 9.

The former All-American, now representing Converse Rubber Company, demonstrated the fundamentals of the game, aided by two squads from Salinas High School. The exhibition, which also featured a special movie, was open to the general public.

According to Athletic Director Ed Adams, in addition to the exhibition, Bill showed special sound movies of the major championship games of the past season. This included the N.I.T. and N.C.A.A. finals, East-West All-Star college and N.B.A. professional games. As a special treat for the fans, a side-splitting movie of the world famous Harlem Globe Trotters was shown. The exhibition got underway at 7:30 p.m. at the Hartnell college gymnasium.

## Editor's Note

Due to the Tuesday deadline for getting news to the printer for the edition coming out this Friday, it was impossible to cover Wednesday's game with College of Marin. This game will be covered as soon as is possible — in the next issue of the Panther Sentinel.

## Ding Dongs Lead In Volleyball

Latest standings find the Ding Dongs ahead in the running of the noon-league volleyball:

The Ding Dongs have a record of six wins and one loss. The Hawaiians are in second place with four wins and one loss. Tied for third place are the Beachcombers (who were previously leading the teams) and the Gassers, each having five win two loss records. The Pop Eyes bring up fourth place with four wins and three losses. Dwelling in the cellar are the weak Sharp Eyes with a one win three loss record.

The teams receive two points for a win, one point for a tie, and no points for a loss.

## Hartnell Fan Sends Roses

The scent of roses is getting stronger. Last Monday another batch of roses was sent to Hartnell in honor of their seventh victory this season.

The roses, which are Pinocchio's of the Finch family, have been delivered by Justin Jacktis, one of our students who works for Stoffey Flowers.

Originally, these flowers came after our fifth game. There were eleven bunches with five in each bunch. The second arrangement came after our sixth game. It had six bunches with eleven roses in each bunch. Last Monday seven bunches with eleven in each bunch arrived.

Who is the mystery man who sends these roses? All we have been able to find out to date is the first flowers came via Walkers' Florist in Alameda. The next two times "anonymous" wired flowers wired through Stoffey's and they were sent from there.

In all probability when this article is read there will be a new rose shipment of eight more bunches with eleven roses in each.

## Sports Notes

Hartnell College now has won six straight games this season and ranks number one in the nation according to the National Junior College Index Rating. West Contra Costa of Richmond rated second and Pasadena Jaysee was rated a close third. The Hartnell club boasts a win streak extending back to 1951, nineteen regular season victories and only one tie. The tie came in last year's 20-20 Junior Rose Bowl game against Bacone of Oklahoma.

No fewer than 12 jaysee football teams, some of them undefeated, want to climb on the Hartnell Panther's 1953 schedule. The schedule unfortunately was made up last winter and won't be open for any additional opponents.

## Archery Team In Practice

The archery students under the direction of June Handley will be on a practice schedule, until their first match is played on November 14th.

A sports day sponsored by East Contra Costa J.C. at Richmond, which the Hartnell archery team hopes to attend, will be their first match. Other matches are planned with Monterey Peninsula College and San Mateo J. C.

On the high scoring list, and most likely to succeed in making the girls team are: Annabelle Shirachi, Sallie Waterman, Virginia Randolph and Natty Bullis. Try outs for the men's archery team include: Gerald Ackerman, Cole Barker, Ray Crossne, Ed Dante, Don Grayson, Satoshi Hirahara, Tony Piexoto, Larry Vera, Warren Wilson and Orville Kiso. Five out of the ten men will be chosen for first place births.

## A.A.J.C. Offers Sportsmanship Code For Fans

A suggested Code of sportsmanship for spectators was offered and accepted by all Junior Colleges from the Sub-committees on Athletics of the A.A.J.C. The purpose of this code is to put the principle of the golden rule into operation on the athletic field. It is as follows:

1. I will treat members of visiting teams and their fans as guests and will extend to them every consideration which I would expect as a visiting fan.
2. I will applaud excellence in performance exhibited by either team during and after the contest.
3. I will consider the officials as the final authorities to make decisions and will accept their decisions without demonstration.
4. I will support the team and coach regardless of the winning record of the team.
5. I will take pride in promoting good sportsmanship among the spectators, players and coaches.

## Know Your Yells

By RICK OLIVER

Knock, Knock  
Who's there?  
Don  
Don who?  
Don da da Da

...  
Panthers

Rah, Rah Panthers  
Rah, Rah Panthers  
Someone in the stands  
Yelling Rah, Rah, Panthers

Korean veterans studying under the G.I. Bill of Rights can receive full credit for all courses taken at Hartnell College.

Hartnell students are not allowed to enter the SUHS campus unless on official business (during school hours).

Hartnell students are invited to give blood for the American Red Cross in their annual Blood Drive.

# WHO GUESSED THE SCORE LAST WEEK?

ALBERT MIRANDA

San Ardo

DON'T FORGET

to enter this week's

# FOOTBALL SCORE-GUESSING CONTEST!

Hartnell Score \_\_\_\_\_?  
Porterville Score \_\_\_\_\_?

Test your skill as a football prophet! Get free Contest Score Card each week at your Regal Station. Guess the score and deposit card up to one hour before game time. ONE winner gets the entire 100 gallons. TWO winners get 50 gallons each, etc. But all winners get 10 gallons no matter how many guess right!

**FINEST GASOLINE FOR LESS!**
